Waste/Ash Urns

The spun aluminum tops of the waste/ash urns are available in four different styles and are hardcoat anodized in a dark grey color. This coating is wear resistant and non-fading in sunlight. An internal bag holding ring is standard on units used for waste.

Options (fiberglass):

- Intermediate heights
- Hole in side for trash
- Fiberglass inner liner
- Fire retardant resin
- Extra weight in base
- Rain cap (see Rain Cap bulletin)
- Chain to attach top to body
- Rigid poly liner (Style W)

Specify style:

Indicate style of top

Specify color:

For fiberglass colors, see color page C-8.
