## *JumpCharge™ 2.0 Kiosk*

Multiple revenue streams

- Ad Revenue
- Battery Rental Revenue

Wireless and/or wired charging for smartphones  
Boost customer experience and your bottom line

The JumpCharge 2.0 Kiosk introduces a new era of smartphone charging capabilities. Each kiosk provides 60 portable battery packs that will keep your customers charged, mobile and engaged with your primary business. The rented battery packs provide wireless charging capabilities, along with USB-A and USB-C ports. Offering flexible charging on the go, so that your customers can move throughout your property.

The kiosk itself is less than 6.6 sqft. of space, allowing you to maximize the rental and ad revenue with each kiosk that you deploy.

The JumpCharge 2.0 Kiosk is ideal for retail locations, sporting venues, amusement parks, transportation facilities, convention centers, hotels and more. Any large-scale venue or locations where customers need to be mobile and have access to their smartphones is ideal for the JumpCharge 2.0 Kiosk.
